The Soldier (poem) - Wikipedia

I got the book "A corner of a foreign field" by Ramachandra Guha for coming second in a quiz. I liked owning the book because it had the book smell which I adore. I never got around to reading till March 2009. The main reason - I thought it would be a book filled with details and scores of Cricket matches played through the ages.

The Indian History of a British Sport, the subtitle of Ramachandra Guha's *A Corner of a Foreign Field*, is an apt description of the gist of this book, and yet it falls short of what Guha actually covers in the course of close to 500 pages of cricket history. Because his work encompasses not just the history of cricket in the Indian subcontinent but the history of a lot else besides, all of it in some way or the other related to cricket.

Illustrated with magnificent crisp, contemporary photographs from the Daily Mail of World War I battlefields, battles, and heartbreaking scenes on the homefront, this book would serve as a fine companion to Paul Fussell's "The Great War and Modern Memory," which also invokes poetry. The text of "A Corner of a Foreign Field," however, is entirely of poems written during the war, many by well known writers like Rupert Brooke, Wilfred Owen, Sigfried Sassoon, etc.
