REVIEWS FROM FIRST EDITION: Blessing to Actors!, June 12, 2012 by Great, the Alexander "This is a great education coming from a Pro, well established and fresh in the business! Why CDs think and act the way they do. Etiquette in the room, Agencies worth noting, Even hotspots in LA Night Life! She writes so that you feel like you're actually in front of her, having a conversation. I met Cathy shortly after reading her book for the first time and can testify, there is nothing fake about her! She represents everything she teaches and thus practices what she preaches. In her book she talks about loving actors who are genuinely great people inside. She is this, in the form of a casting director and educator." "There is SO much valuable information in this book for actors with all levels of experience. I keep it with my audition materials and handy for inspiration. Read this book, re-read, and use it as a reference. It will change your life, or at least your acting career for the better!"

**\*\*WARNING\*\*** This book is NOT for "Hobby" actors or "wannabes" It's for PROFESSIONALS ONLY, and is priced accordingly. THERE ARE TWO KINDS OF ACTORS: Those who bring the check to the table, and Those Who GET THE CHECK IN The Mail... Which do YOU Want To Be? Dear Fellow Talented Actor, You don't realize this now, but in the next few minutes you're going to re-think everything our teachers taught us about "The Acting Thing"... If you're anything like me, you got out of school ready to be a successful actor, and use your talents performing for eager audiences on TV, Film, or in the Theater. Do you remember what it felt like to dream about your life and what "being an actor" meant to you? I remember, and I thought I was ready. And Then... REAL "ACTOR LIFE" HIT! Everyone says that the Acting Business is tough, and that your chances of making a full-time income are slim because in real life, you need to be to make money while you build your dream career. And that's why... 95% of Actors Quit The Business Before They Turn 30 Years Old. Because unless mommy and daddy are paying the bills, you'll get a job, and by the time you're done working, you're too tired to focus on your career. That's where I was: broke, frustrated, and doing shows for my friends and family. The SAME friends and family. Sound familiar? When did our teachers tell us that we would be doing all these things that have NOTHING to do with acting? Waiting tables, Temping at an office Living with 5 roommates just to pay bills Begging your parents for money Never getting auditions because you're too busy working! We were taught that if we just continued to hone our craft and get "good", then we would "be discovered" by someone right? But guess what- that's not true! In the real world, you need to support yourself while you hone your craft, and learn how to live as an actor- to be an actor. And most people never make it. If you're like I was, you're dreaming about sharing your gift, and getting the accolades you deserve. You're working with some amazingly creative people, and doing work that inspires, fulfills, and entertains you and others. But isn't This What Our Teachers Taught Us? "Take classes, get BACKSTAGE every week, and get a job waiting tables or bartending. If that doesn't work in a short while, get more schooling, meet the right people, and maybe that'll work. If not- teach acting!" Don't get me wrong, the teachers that have taught us how to ACT are great- They Taught Us "How To ACT", But Not How To BE A SUCCESSFUL ACTOR And there's a big difference. My friends who were far more talented than me, and had degrees from acting schools were starting to quit. They were getting older, and they started saying things like "I just can't stand being broke anymore" I had a desk job myself, and I was about to throw in the towel too. I Was Broke, Frustrated, and Going Nowhere In My Acting Career... This book describes how I went from Failure to Full-Time Actor, and how YOU can do it too! After I did what I describe in this book: I STARTED MEETING AGENTS, GOING ON AUDITIONS, and BOOKING ACTING WORK! And my family started seeing me on TV... My mom actually started telling people that I was an actor, (instead of being embarrassed) and proudly asking "Have you seen my child on TV?" And my neighbors saw me on TV... And they would stop me in the street "Hey! I saw you, and I told everyone that I knew you!" You see, once I got free of spending most of my time trying to make money to live on, I could do what I ACTUALLY wanted to do: I get to PERFORM all the time, and not worry about the money! Nobody asks "Are you still TRYING to be an actor?" when you're making money! So Now I've Put Everything I Learned Into A Quick, Easy, Book For Talented Actors Who Want To Quit Their Day Jobs and Go Full Time Too! "No More Waiters- How To Build Your Acting Business WITHOUT A Day Job!"

No matter what "they" say, a successful career in the acting profession is actually possible for anyone. This collection of short stories is new, original and modern. Thought some are fiction, several of the stories in the collection are based on actual experiences and events or recognizable events.

There is a sense that permeates most acting classes which promotes the idea that acting is hard and you need to do a bunch of traditional steps if you're ever going to get anywhere. The flame of this concept is kept lit for two reasons. One is tradition. Successful actors and teachers in our theatrical history supposedly believed in or espoused such ideas and two; it is easier for teachers and actors to follow a path that is well worn. Actors feel intimidated to challenge the ideas and teachings of past masters. But isn't that exactly how every field of endeavor evolves? Think of where we'd be in science or medicine or sports if no one questioned past methods or tried to discover new ones. This book will show you an approach that is direct and to the point, an approach that will be far easier to remember and utilize. We'll use real life. We call it acting only because people are watching. "If you're an actor, this book will restore your sanity." Steven Pressfield, Author: The War of Art, Turning Pro, The Legend of Bagger Vance

Stanislavski’s ‘system’ was dominated actor-training in the West since his writings were first translated into English in the 1920s and 30s. His systematic attempt to outline a psycho-physical technique for acting single-handedly revolutionized standards of acting in the theatre. Until now, readers and students have had to contend with inaccurate, misleading and difficult-to-read English-language versions. Some of the mistranslations have resulted in profound distortions in the way his system has been interpreted and taught. At last, Jean Benedetti has succeeded in translating Stanislavski’s huge manual into a lively, fascinating and accurate text in English. He has remained faithful to the author's original intentions, putting the two books previously known as An Actor Prepares and Building A Character back together into one volume, and in a colloquial and readable style for today's actors. The result is a major contribution to the theatre, and a service to one of the great innovators of the twentieth century.
