"Lynn Van Ost, Karen Manfre, and Karen Lew begin the Third Edition of Athletic Training Exam Review by establishing a framework for how a student should prepare for the BOC Certification exam. In addition to information on various study techniques, important test-taking strategies, and the examination format, methods are offered to improve concentration and time management." "With more exam questions and an expanded and updated on-line component, Athletic Training Exam Review: A Student Guide to Success, Third Edition is an essential learning tool that should be in the hands of all athletic training students preparing for the BOC certification exam. Book jacket."--Jacket.

This new Study Guide for Athletic Training students provides a framework to begin certification examination preparation. Students will use this to focus their study as a part of a preparation program. The outline format allows students to look over chapters at a glance to determine potential deficiencies in recall. The text mimics the current Board of Certification (BOC) examination format and focuses exclusively on the 12 NATA Educational Competencies as the framework. The text also offers the reader a concise look at anatomy and physiology with many tables and pictures for the visual learner. The book is the only BOC examination preparation guide that includes content with the 2000+ questions. An accompanying interactive DVD-ROM includes videos, animations, images, interactive quizzes, labeling exercises, supplemental content, and more.
