General Chemistry Questions and Answers (from Ask Antoine, a chemistry prof): Antoine is an actual chemist. His answers are on point. He hasn't added to his list of topics in some time, but rest assured the information is accurate. Chegg Answers to Chemistry Questions (General, Organic, Chem Engineering, etc.): Chegg is a top-notch site. However, they are also a paywall site, which means you can't get anything for free.

How to Get Answers to Chemistry Questions

Students face difficulties over and over again when solving their chemistry problems. One solution is to get answers to chemistry questions online. There are few resources that offer chemistry answers for free, and sometimes it takes hours to find an answer to the exact chemistry question you have. Some students need AP chemistry free response answers, some search for chemistry quiz answers or even exam review answers, while others have a hard time answering their chemistry worksheets or ...

Chemistry Answers - Assignment Expert

Chemistry is the science of matter: its composition, its properties, the changes that lead to its formation, and the ways it interacts with other matter in its surroundings. We start with the building blocks of matter - electrons, neutrons, and protons - and build atoms and ions, which then form the molecules and ionic compounds that can react to produce the material world we know.
