Communication Apprehension Avoidance And Effectiveness

Communication apprehension is linked to communication avoidance and has been the focus of research for more than 40 years. The phenomenon was originally defined by McCroskey (1970) as an anxiety related to oral communication. The focus and meaning of communication apprehension has since evolved to represent an anxiety experienced by an individual in relation to anticipated or actual communication with another person or persons...

Communication: Apprehension, Avoidance, and Effectiveness ...

Communication apprehension was measured by use of the Personal Report of Communication Apprehension (PRCA-24B). The PRCA-24B (McCroskey, 1986), one of several instruments derived from the original PRCA (McCroskey, 1970), is a 24-item, Likert-type questionnaire that measures communication apprehension in four contexts-dyadic, meeting,

Communication Apprehension, Avoidance, and Effectiveness ...

A perfect supplemental text for courses in public speaking, this book provides a clear overview of the process of human communication. It analyzes the behaviors that cause speakers to experience shyness, apprehension, or a desire to avoid public speaking situations. Further, it describes the effects of such behaviors on the communication process and a range of strategies to reduce such anxieties.
