Crip Theory: Cultural Signs of Queerness ... - Project MUSE

Robert McRuer's Crip Theory: Cultural Signs of Queerness and Disability, is on the edge of the edge of both Disability and Queer Studies. It's also on the edge of queer and crip activism and social movements. McRuer begins his book with an introduction to his theory of compulsory able-bodiedness. This system produces disability and is woven together with the system of compulsory heterosexuality that produces queerness.

Robert McRuer, Crip Theory: Cultural Signs of Queerness ...

Both disability studies and queer theory are centrally concerned with how bodies, pleasures, and identities are represented as "normal" or as abject, but Crip Theory is the first book to analyze thoroughly the ways in which these interdisciplinary fields inform each other. Crip theory: Cultural signs of queerness and disability ...

Crip Theory: Cultural Signs of Queerness and Disability. By Robert McRuer. Read preview. Excerpt. In queer studies it is a well-established critical practice to remark on heterosexuality's supposed invisibility. As the heterosexual norm congealed during the twentieth century, it was the "homosexual menace" that was specified and embodied ...

Crip Theory: Cultural Signs of Queerness and Disability by ...

A strand of critical cultural analysis that, alongside "queer perspectives and practices", has "been deployed to resist the contemporary spectacle of able-bodied heteronormativity", as Robert McCruer (Crip Theory: Cultural Signs of Queerness and Disability, 2006) puts it. Dominant conceptions of able-bodiedness in sport are vulnerable to critique in the sense that they have often matter-of-factly assumed the ideal body to be the platform for and pinnacle of sporting excellence.
