If you are a man who is stuck and empty and ready for change, this is the book for you. If you are someone who would love to see the man in your life with the spark you used to see in his eyes, this book is a superb gift for him. When people hear the word hero these days, the movie cliché of a superhero rescuing a desperate woman instantly comes to mind. But answering the call to be a godly hero is far from that mistaken scenario. The lives of too many guys are full of pain and frustration and an aimless desire to either medicate the pain or find another victim to rescue the furthest thing from being a hero. The world needs men who are running on all cylinders, passionate about what they do. In *The Soul of a Hero*, bestselling authors and respected counselors Stephen Arterburn and David Stoop guide men to a better, hope-filled life by helping them rediscover their true God-given calling: to be a hero. When men live into their true identity as heroes, temptations lose their allure and depression gives way to energy. Men who once felt as if their best years were behind them find a second wind to help them live every moment to its fullest. This book calls and equips men to become the heroes their wives, sons, daughters, friends, and coworkers want and need them to be. In *The Soul of a Hero*, you will learn how to start from empty and transform yourself into a man who is thriving with purpose, joy, and true grit.

- Enables organizers to envision and implement a VBS program customized for the local church - Practical, comprehensive, from-the-ground-up approach to VBS Designing a Vacation Bible School program, as opposed to choosing one of the many off-the-shelf packages, is a labor of love. It considers the unique perspective of children and invests accordingly. It's a home-cooked meal compared to fast food. It sends a message to parents that a church values children enough to identify and meet their specific needs in their community at a particular moment in time. Well-designed VBS programs speak to children with respect, love, and patience, offering opportunity for authentic spiritual growth, not to mention an intentional theology that is reflective of the church. Finally, custom-designed VBS programs are a way to fully include children in the mission and ministry of the church rather than confine their unique gifts. This book provides Christian educators with the tools they need to assess the needs and resources in their congregation, and to craft a creative program in response to that assessment. The Best VBS Workbook Ever offers direction and suggestions on theme, structure, logistics, program, activities, staffing and promotion. Audience: Episcopal and other mainline churches looking for something more original and thoughtful than typical pre-packaged VBS programs, Directors of Christian Education, Directors of Children's Ministry, Camps and Retreat Centers, FORMA, Kanuga Christian Education conference, eFormation network
