This book is written in very simple manner and is very easy to understand. It describes the theory with examples step by step. It contains the description of writing these steps in programs in very easy and understandable manner. The book gives full understanding of each theoretical topic and easy implementation in programming. This book will help the students in Self-Learning of Data structures and in understanding how these concepts are implemented in programs. This book is useful for any level of students. It covers the syllabus of B.E., B.Tech, DOEACC Society, IGNOU.

A re-examination of the case of Johann Reuchlin, one of the best-known controversies of the 16th century.

Presents a selection of the author's poems from throughout his life, from playful early poems to themes of mourning and loss.

A history of the Korean War with soldier ' s-eye views from both sides, by the Pulitzer Prize – winning author of *The Rising Sun and Infamy*. Pulitzer Prize – winning author John Toland reports on the Korean War in a revolutionary way in this thoroughly researched and riveting book. Toland pored over military archives and was the first person to gain access to previously undisclosed Chinese records, which allowed him to investigate Chairman Mao ' s direct involvement in the conflict. Toland supplements his captivating history with in-depth interviews with more than two hundred American soldiers, as well as North Korean, South Korean, and Chinese combatants, plus dozens of poignant photographs, bringing those who fought to vivid life and honoring the memory of those lost. *Mortal Combat* is comprehensive in its discussion of events deemed controversial, such as American brutality against Korean civilians and allegations of American use of biological warfare. Toland tells the dramatic account of the Korean War from start to finish, from the appalling experience of its POWs to Mao ' s prediction of MacArthur ' s Inchon invasion. Toland ' s account of the “ forgotten war ” is a must-read for any history aficionado.

You know what happens when bad boys get what they wish for? Everything. . . New York Times Bestselling Author Lori Foster *Playing Doctor* Attitude makes a huge difference in bed. It could be Axel Dean's motto. The sexy physician likes his women with sensual moxie, and Libby Preston definitely seems to fit that bill. There's that naughty grin. That hot bod. Her eager kisses and cheeky insults. Her. . .admitted virginity. Whoa. Okay, cue cold shower. Axel may not be an honorable man, but he has his limits. Except Libby won't take no for an answer. She's determined to have someone show her what she's been missing, and suddenly, Axel can't bear to think of Libby playing doctor with anyone else. . . USA Today Bestselling Author Erin McCarthy *The Lady of the Lake* Pro baseball player Dylan Diaz is pretty sure he's going to hell. When you rescue a drowning woman from a lake your first thought should be, "Are you okay?" not, "Can I make mad, passionate love to you?" But the minute sputtering kindergarten teacher Violet Caruthers is on Dylan's boat, that's all he can think about. Maybe it's the potent combo of a nun's personality inside a stripper's body. Maybe it's the way she drives him crazy with desire and laughter. Or maybe, Dylan's finally found what's been missing in his life, and he's not about to let go. . .

There can hardly be a better introduction to modern art than this humorous yet insightful book by a contemporary personally admitted into this fascinating, occasionally bizarre world through his encounters with key figures such as Man Ray, Max Ernst, Marcel Duchamp, and René Magritte. William Copley inherited a fortune as a young man and used his wealth to open a gallery in Beverly Hills shortly after World War II. Financially, the business was a flop, but Copley ' s attempt to bring culture to the natives of Hollywood won him a place in the annals of art history. Copley himself was a painter and could well understand the work and thought processes of his heroes and coevals. This essay, written in 1976 for the exhibition ‘ Paris-New York ’ , frankly and engagingly depicts episodes in the lives of Surrealist artists from the perspective of a younger colleague in a portrayal that is at once revealing and intimate. 0.
