From the late 1940s to the mid-1970s, Richard Nixon was a polarizing figure in American politics, admired for his intelligence, savvy, and strategic skill, and reviled for his shady manner and cutthroat tactics. Conrad Black, whose epic biography of FDR was widely acclaimed as a masterpiece, now

separates the good in Nixon—his foreign initiatives, some of his domestic policies, and his firm political hand—from the sinister, in a book likely to generate enormous attention and controversy. Black believes the hounding of Nixon from office was partly political retribution from a lifetime's worth of enemies and Nixon's misplaced loyalty to unworthy subordinates, and not clearly the consequence of crimes in which he participated. Conrad Black's own recent legal travails, though hardly comparable, have undoubtedly given him an unusual insight into the pressures faced by Nixon in his last two years as president and the first few years of his retirement.

The book follows the two children as they embark on an adventure, which begins with the discovery of a hidden witch's haven in a graveyard and Jordan's first encounter with the spirit world - but by now means the first for Sebastian. Then a haunted observatory on the outskirts of town yields a clue - a piece of an intriguing map leading to, what they believe to be, hidden treasure. After collecting the rest of the clues from around the town, Jordan and Sebastian search for the treasure, but instead of rubies, emeralds and gold doubloons, they find themselves lead to a doorway into another world, called the Phantom Realm.

The Honda K-Series engine was introduced in 2001, replacing the B-Series as the engine of choice for Honda enthusiasts. These new K-Series engines are the most powerful stock Honda/Acura engines you can get. They featured new technology such as a roller rocker valvetrain, better flowing heads, and advanced variable cam timing technology that made these engines suddenly the thing to have. And that's where the engine swappers come in. In *Honda K-Series Engine Swaps*, author Aaron Bonk guides you through all the details, facts, and figures you will need to complete a successful K-Series swap into your older chassis. All the different engine variants are covered, as well as

interchangeability, compatibility, which accessories work, wiring and controls operation, drivetrain considerations, and more. While you can still modify your existing B-Series, dollar for dollar, you can't make more power than you can with a Honda K-Series engine. If you have an older chassis and are looking for a serious injection of power and technology, swapping a K-Series engine is a great option. Honda K-Series Engine Swaps will tell you everything you need to know.

Hell hath no fury? Wait, that's not right. A pack of hell hounds are terrorizing the magical community, but does anyone know where they came from, or who has hold of their leash? Finn

and Penny are asked to hunt the hounds down before anyone else gets hurt, but for a six five dwarf and a pint-sized dragon a pack of hell hounds might be a little above their pay grade. Join your favorite giant dwarf and snarky dragon as they start the hunt of a lifetime. They thought finding lost treasure was difficult, but at least the treasure didn't bite back. Grab a box of Charleston Chews and kick up your feet. This is one hunt you won't want to miss. Scroll back to the top and click "Buy Now" or "Read for Free" to continue the adventure.
