The emergence of the internet and developments in educational software have changed the way teachers teach and the way students learn. There has been a substantial increase in the quantity, quality, and diversity of educational material available over the internet or through the use of satellite video and audio linkups. These technologies have allowed new learning methods and techniques to reach a greater geographic region and have contributed to the global transformation of education. The Roles of Technology and Globalization in Educational Transformation is an essential academic book that provides comprehensive research on issues concerning the roles of technology and globalization in educational transformation and the challenges of teaching and learning in various cultural settings and how they were resolved. It will support educational organizations that wish to find, create, or adapt technology for use in their institution. Featuring a broad range of topics such as public administration, educational technology, and higher education, this book is essential for teachers, deans, principals, school administrators, IT specialists, curriculum developers, instructional designers, higher education staff, academicians, policymakers, researchers, and students.

The book that inspired the major new motion picture Mandela: Long Walk to Freedom. Nelson Mandela is one of the great moral and political leaders of our time: an international hero whose lifelong dedication to the fight against racial oppression in South Africa won him the Nobel Peace Prize and the presidency of his country. Since his triumphant release in 1990 from more than a quarter-century of imprisonment, Mandela has been at the center of the most compelling and inspiring political drama in the world. As president of the African National Congress and head of South Africa's antiapartheid movement, he was instrumental in moving the nation toward multiracial government and majority rule. He is revered everywhere as a vital force in the fight for human rights and racial equality. LONG WALK TO FREEDOM is his moving and exhilarating autobiography, destined to take its place among the finest memoirs of history's greatest figures. Here for the first time, Nelson Rolihlahla Mandela tells the extraordinary story of his life--an epic of struggle, setback, renewed hope, and ultimate triumph.

First of all other, I find No Grammar Tears very informative. What amazes me is the kind of dedication and patience Marthus-Adden spent in writing this book. This is because this kind of genre actually needs full attention. Truly, whatever he has written is precise and correct. I really admire his generosity of sharing his knowledge about English owing to the fact that English is his second language. What is good about the book is that the writer wrote it in a manner that readers can easily understand it. In other words, what makes this book different from the other English grammar books in the market is that it is more user-friendly, which means he wrote it in a manner that can easily be understood, especially by those who just learned English and want to learn more. Correctly put, this book is a guide to those who wants to learn English on their own. As a matter of fact, he has a knowledge check in every subject he has discussed in this book. He catered everything, especially in the part on how to construct sentences, which are very precise and which make it very easy to learn the book. He did not change anything at all in terms of the right way to speak and learn English, but instead he made it easier and more convenient for those people whose English is not their first language. In point of fact, he wrote this book not because he wants to show off to the world that he is a good grammarian, but because he wants to help those struggling to learn English. The book therefore deserves recognition because he is actually giving a favour to those who can't afford to have a private tutor to teach them how to speak English correctly. I must, in conclusion, admit that this book will really help those people who want to learn English language; those people who are striving to speak perfect English; and those people that English is their second language. I will therefore commend the author for this book.

"Adah, a woman from the Ibo tribe, moves to England to live with her Nigerian student husband. She soon discovers that life for a young Nigerian woman living in London in the 1960s is grim. Rejected by British society and thwarted by her husband, who expects her to be subservient to him, she is forced to face up to life as a second-class citizen."--Back cover.

Educational Assessment in a Time of Reform provides background information on large-scale examination systems more generally and the South African examination specifically. It traces the reforms in the education system of South Africa since 1994 and provides a description of the advances in modern test theory that could be considered for future standard setting endeavours. At the heart of the book is the debate on whether the current standard of education in Africa is good enough . If not, then how can it be improved? The aim of this book is to provide a point of departure for discussions on standard-setting, quality assurance, equating of examinations and assessment approaches. From this point of departure recommendations for practices in general and the exit-level (Grade 12) examination results in particular can be made. This book is ideal reading for principals, teachers, academics and researchers in the fields of educational assessment, measurement, and evaluation.

NATIONAL BESTSELLER • From the award-winning author of We Should All Be Feminists and Half of a Yellow Sun—the story of two Nigerians making their way in the U.S. and the UK, raising universal questions of race, belonging, the overseas experience for the African diaspora, and the search for identity and a home. Ifemelu and Obinze are young and in love when they depart military-ruled Nigeria for the West. Beautiful, self-assured Ifemelu heads for America, where despite her academic success, she is forced to grapple with what it means to be black for the first time. Quiet, thoughtful Obinze had hoped to join her, but with post-9/11 America closed to him, he instead plunges into a dangerous, undocumented life in London. Fifteen years later, they reunite in a newly democratic Nigeria, and reignite their passion—for each other and for their homeland.
