~~Inspecting Surgical Instruments An Illustrated Guide~~

1. Stress the importance of inspecting surgical instrumentation in compliance other procedures. Those that are not functioning properly or that are not clean with the manufacturer's instructions can cause serious issues for patients and surgical staff. Instrument inspection is before assembling instruments into sets 2.

~~Instrument inspection – IAHC SMM~~
Thorough inspection processes. There are published sharpness test standards that finally establish a criteria for determining when an instrument is dull. The best published reference for determining quality
