~~Instructional Technology And Media for Learning & Clips ...~~

Instructional media are information carriers designed specifically to fulfill objectives in a teaching-learning situation. They are very important in language teaching, especially the foreign language, because they facilitate the direct association between sounds and their symbols and also words and the objects they represent.

~~(DOC) INSTRUCTIONAL MEDIA FOR EFFECTIVE TEACHING AND ...~~

Educational technology as the theory and practice of educational approaches to learning. Educational technology as technological tools and media, for instance massive online courses, that assist in the communication of knowledge, and its development and exchange. This is usually what people are referring to when they use the term "EdTech".
