One day can change your life... It's 1977, the day of the Queen's Silver Jubilee, when a photographer captures a moment forever: a festive street party with bunting and Union Jacks fluttering in the breeze and, right in the centre of the frame, a small Asian boy staring intensely at the camera. The photo becomes infamous when it is adopted as a

## Read Book Jubilee Shelley Harris

symbol of everything that is great and good about Britain, but what is the real story behind it? Relationships between the neighbours on Cherry Gardens are far from easy, and minor frictions threaten to erupt as the street party begins... Fast forward to the present and that boy, Satish, is now a successful paediatric heart surgeon, saving lives and families every single day. But he's living with a secret - he's addicted to controlled prescription drugs. A message about a proposed reunion of the children in the photograph throws his life into turmoil as he thinks back to Jubilee Day, and the events that changed his life for ever.

Have you ever wanted to step out of your life and be someone different? From the author of JUBILEE - a Top 10 bestseller and Richard & Judy choice - the story of woman who decides to become a hero. Jenny Pepper never expected to end up like this. Tired of her unglamorous part-time job, the relentless domestic grind, and bewildered by her teenage daughter, one night Jenny stumbles into a vigilante rescue. Suddenly her world is exciting again. No longer is she ordinary, trying to understand her place in life - now she's a hero. In the costume, she can be anyone she wants. And so her secret life begins. But when the dangers become very real, Jenny's need for adventure takes a different turn. We all want to feel special, and we all have a moment in our lives when we realise that - just perhaps -

we might be more extraordinary than we think... Readers say: 'Funny, sad and marvellously entertaining ...it will leave many readers with some interesting questions about their own lives.' Goodreads 5 star 'A sensitive and raw depiction of a long marriage and motherhood and identity and self worth. Loved it.' Goodreads 'A surprisingly touching look at a female mid-life crisis in the face of frightening and tragic events... Jenny Pepper - the protagonist, the Vigilante herself - is perfection: so vulnerable and so righteously angry; so wonderfully, hilariously, movingly true.' Goodreads 5 star 'Shelley Harris has done 'that' thing. Written a book that deals with some dark issues, and looks quite deeply at relationships whilst still being funny and an easy read. Vigilante is one of those books that make you gasp and smile within one paragraph. Light-hearted at times, yet deadly serious at others. A finely balanced story that delivers a satisfying punch.' Goodreads

Jenny Pepper never expected to end up like this. Tired of her job and the domestic grind, and bewildered by her teenage daughter, one night Jenny stumbles into a vigilante rescue. Suddenly her world is exciting again - and she's a hero. In the costume, she can be anyone she wants. And so her secret life begins. But when a real villain appears, Jenny's need for adventure begins to cost her dearly. As she starts to

see less and less clearly through the mask, she finds her fantasy life becoming frighteningly real. We all want to be extraordinary, and we all have a moment in our lives when we realise that we're not. Vigilante is about a woman who refuses to accept it gracefully...

"Accomplished, resonant, and surprising." (Guardian)--a debut reminiscent of the beloved SUMMER OF MY GERMAN SOLDIER. In July 1940, eleven-year-old Lydia escapes life as a child evacuee in Wales. She arrives home to her English village, gas mask in tow, only to find it abandoned. Her family's house is shuttered and empty. Lydia settles in though, determined to wait out the war. Later that night he arrives: a wounded soldier, gun-wielding, heralding a full-blown German invasion. He says he won't hurt Lydia, but she cannot leave the house. The unlikely pair coexists in their claustrophobic confines, becoming dependent on each other for survival. Lydia soon realizes that the soldier knows more than he should about her family--and that he's plotting something for them both. Eerie, gripping, and incredibly moving, The Dynamite Room brings an original and contemporary resonance to the great tradition of war classics.

explores grief, trauma, and sisterhood behind the walls of Paris's infamous Salpêtrière hospital." —Paula Hawkins, #1 New York Times bestselling author of *The Girl on the Train*

*The Salpetriere Asylum: Paris, 1885.* Dr. Charcot holds all of Paris in thrall with his displays of hypnotism on women who have been deemed mad and cast out from society. But the truth is much more complicated—these women are often simply inconvenient, unwanted wives, those who have lost something precious, wayward daughters, or girls born from adulterous relationships. For Parisian society, the highlight of the year is the Lenten ball—the Madwomen's Ball—when the great and good come to gawk at the patients of the Salpetriere dressed up in their finery for one night only. For the women themselves, it is a rare moment of hope. Genevieve is a senior nurse. After the childhood death of her sister Blandine, she shunned religion and placed her faith in both the celebrated psychiatrist Dr. Charcot and science. But everything begins to change when she meets Eugenie, the 19-year-old daughter of a bourgeois family that has locked her away in the asylum. Because Eugenie has a secret: she sees spirits. Inspired by the scandalous, banned work that all of Paris is talking about, *The Book of Spirits*, Eugenie is determined to escape from the asylum—and the bonds of her gender—and seek out those who will believe in her. And for that she will need Genevieve's help . . .

\_\_\_\_\_ Global temperatures are rising. The climate of the Abrams' marriage is cooling. Emma is beginning to wonder whether relationships, like mortgages, should be conducted in five-year increments. She might laugh if Chris had bought a motorbike or started dyeing his hair. Instead he's buying off-label medicines and stockpiling food. Chris finds Emma's relentless optimism exasperating. A tot of dread, a nip of horror, a shot of anger - he isn't asking much. If she would only join him in a measure of something. The family's precarious eco-system is further disrupted by torrential rains, power cuts and the unexpected arrival of Chris's mother. Emma longs to lower a rope and winch Chris from the pit of his worries. But he doesn't want to be rescued or reassured - he wants to pull her in after him. Darkly funny and beautifully written, *When the Lights Go Out* is a novel for our times: a story about cultivating hope and weathering change. 'So timely, and so deeply human, a novel which takes us right into the heart of a marriage and at the same time grapples with the most crucial issue of our age. It's bursting with compassion and wisdom.' Shelley Harris, author of *JUBILEE* 'Through exquisite use of language and observation, she examines the intricacies of family life in ways which have you laughing one moment and biting your nails with worry

the next.' Sarah Franklin, author of SHELTER  
'With characteristic wit and humanity, Bray shows us the necessity and the impossibility of preparing for disaster, and reminds us of both the fragility and capacity of love.'  
Jenn Ashworth, author of A KIND OF INTIMACY and FELL

For nine-year-old Beth Lowe, it should have been a magical summer—sun-kissed days lounging in rickety deck chairs, nights gathered around the fire. But what begins as an innocent vacation to Hungary ends with the devastating separation of her parents. Beth and her father return home alone, leaving her mother, Marika, behind. Over the next seven summers, Beth walks a tightrope between worlds, fleeing her quiet home and distant father to bask in the intoxicating Hungarian countryside with Marika. It is during these enthralling summers that Beth comes to life and learns to love. But at sixteen, she uncovers a life-shattering secret, bringing her sacred summers with Marika abruptly to an end. Now, years later, Beth receives a package containing a scrapbook, a haunting record of a time long forgotten. Suddenly, she is swept back to the world she left behind, forced to confront the betrayal that destroyed her—and to search her heart for forgiveness.

NOVEL AWARD 2015 AND THE DESMOND ELLIOTT PRIZE 2015 Meet the Bradleys. In lots of ways, they're a normal family: Zippy is sixteen and in love for the first time; Al is thirteen and dreams of playing for Liverpool. And in some ways, they're a bit different: Seven-year-old Jacob believes in miracles. So does his dad. But these days their mum doesn't believe in anything, not even getting out of bed. How does life go on, now that Issy is gone?

As she did in her critically acclaimed *The Last Days of the Romanovs*, Helen Rappaport brings a compelling documentary feel to the story of this royal marriage and of the queen's obsessive love for her husband - a story that began as fairy tale and ended in tragedy. After the untimely death of Prince Albert, the queen and her nation were plunged into a state of grief so profound that this one event would dramatically alter the shape of the British monarchy. For Britain had not just lost a prince: during his twenty year marriage to Queen Victoria, Prince Albert had increasingly performed the function of King in all but name. The outpouring of grief after Albert's death was so extreme, that its like would not be seen again until the death of Princess Diana 136 years later. Drawing on many letters, diaries and memoirs from the Royal Archives and other neglected sources, as well as the newspapers of the day, Rappaport offers a new perspective on this

# Read Book Jubilee Shelley Harris

compelling historical psychodrama--the crucial final months of the prince's life and the first long, dark ten years of the Queen's retreat from public view. She draws a portrait of a queen obsessed with her living husband and - after his death - with his enduring place in history. Magnificent Obsession will also throw new light on the true nature of the prince's chronic physical condition, overturning for good the 150-year old myth that he died of typhoid fever.
