Civil engineers, mechanical engineers, structural engineers, marine engineers, chemical engineers, systems engineers, and engineering support personnel have a lot in common when they want to create a resume, and this book shows resumes and cover letters of individuals who want to work in the field. For those who seek federal employment, there's a special section showing how to create federal resumes and government applications. Since many technical types aren't writers, this comes as a special gift: select a winning format, plug in your background specs, and away you go. It's that easy--with REAL RESUMES in hand. - The Midwest Book Review 1-885288-42-5

When firefighters and emergency medical technicians prepare their resume and other materials needed to explore employment opportunities, they realize that they have a unique background. At last there is a resume book that shows firefighters how to best present their qualifications, credentials, licenses, experience, volunteer work, education and training, affiliations, and other information. Would-be firefighters as well as experienced firefighting professionals will find outstanding samples of resumes and cover letters that worked for real people in their field. A special section of the book shows firefighters how to apply for government jobs and how to write the specialized resumes needed to apply for federal employment. As part of that section on the federal hiring process, the book shows how to write KSAs (statements describing Knowledge, Skills, and Abilities). This is a highly specialized title for a highly specialized field and for the very special people in that field.

Hispanic Engineer & Information Technology is a publication devoted to science and technology and to promoting opportunities in those fields for Hispanic Americans.

Job hunters aiming for employment in the safety and quality assurance field will welcome this resource for resume and cover letter preparation! The 192-page book gives valuable tips on interviewing, but the the "meat" of the book is the section containing samples of resumes and cover letters used by real people to gain employment related to safety and quality assurance.

Provides sample resumes for different types of jobs, including LAN manager, MIS manager, programmer, systems analyst, systems engineer, and telecommunications technician

The deaf world is a complex one, divided by the allegiance of some to Deaf Culture, which emphasizes communication by sign-language, and by others to oralism, which emphasizes speech as the primary means of communication, and still others to a program called Total Communication, which stresses both signing and speaking. Today, more and more deaf people, especially children, are choosing oralism because it helps them fit into mainstream society better. This work presents interviews with fourteen extraordinary oral deaf role models from diverse backgrounds and professions. Wall Street banker Ralph Marra, paralegal Kristin Buehl, 1984 Olympic gold medalist Jeff Float, percussionist Evelyn Glennie, engineer George Oberlander, university mathematics professor Dr. David James, law professor Bonnie Poitras Tucker, executive Carolyn Ginsburg, foundation head Mildred Oberkotter, architect Tom Fields, accountant and institute executive director Ken Levinson, finance manager Michael Janger, school administrator Kathleen Suffridge Treni, and teacher Karen Kirby tell of their experiences and stories, discuss what helped and what hindered them, and offer advice to parents of deaf children. Instructors considering this book for use in a course may request an examination copy [here](#).
