Akkadian Empire The Akkadian Empire was one of the first empires in human history and certainly the first to involve the central government of a large, multi-ethnic populace. It also introduced things like the very first postal system and facilitated advances in science, art, and medicine. The heart of the empire, the city of Akkad, became the most important trading center in the ancient world and one of the largest cities in the world. Then, in a relatively short time,

Get Free Making The Quotterriblequot Twos

The empire disintegrated, and the city itself was abandoned. Now, we don't even know where the city of Akkad was located. How is this possible? How could an empire which controlled most of the civilized world suddenly fall apart?

Successors of the Akkadians thought that they had the answer. Many texts from the Babylonians and others talk of the Curse of Akkad, a curse placed on the empire after its king offended the gods which led to its destruction. For thousands of years, historians assumed that the story of the curse was nothing more than a quaint legend. However,

Get Free Making The Quotterriblequot Twos

modern research shows that the Akkadian Empire was most likely destroyed by a cataclysmic change as a result of sudden and unprecedented climate change. Inside you will read about... ? Origins: The Black Heads and King Sargon ? Palace Conspiracies and Assassinations ? Naram-Sin and the Curse of Akkad ? The 4.2 Kiloyear Event ? The Fall of the Akkadian Empire ? The Search for Akkad And much more! In little more than two hundred years, the Akkadian Empire rose from nothing to become the most important and powerful empire in the world, and then went back to obscurity.

Get Free Making The Quotterriblequot Twos

This is the story of the rise and sudden fall of the Akkadian Empire.

Vlad the Impaler The character Count Dracula is well-known throughout the world. He is a dark, seductive, pale man wearing a cape. His gaze is quite literally captivating, and he has the strength of ten men. The story, written by Bram Stoker in 1897, has been retold hundreds of times, but is there a historical figure upon whom the character is based? Is there really a Dracula? Many scholars argue that Vlad III Dracula, also known as Vlad the Impaler, is the real

Get Free Making The Quotterriblequot Twos

Dracula. He was known in western Europe for his cruelty, most especially his penchant for impaling his victims. He is said to have killed somewhere between 40,000 and 100,000 people during his crusade to stop the Ottoman Empire from expanding into eastern Europe. He was equally harsh on the people he ruled and is said to have taken great pleasure in torturing his victims. Inside you will read about... - Vlad's early life and family - Rise to power: Vlad's first reign - War with the Ottomans, Vlad's main reign - Vlad's imprisonment, third reign, and death - Vlad Dracula's

Get Free Making The Quotterriblequot Twos

Legacy - Vlad the Impaler in fiction: Count Dracula His story, however, is much more complicated than the oft-reported details of his atrocities would imply. He lived in a time of conflict where many were equally as cruel, and he is viewed as a hero in Romania where he is remembered as a protector of his people. This eBook tells the story of his life and times, and discusses his connection to the fictional Count Dracula, in a succinct, compelling manner, which makes for an entertaining read that is packed with historical information.
