city, including the Taj Mahal Palace Hotel, one of the world's most exclusive luxury hotels. For sixty-eight hours, hundreds were held hostage as shots rang out and an enormous fire raged. When the smoke cleared, thirty-one people were dead and many more had been injured. Only the courageous actions of staff and guests—including Mallika Jagad, Bob Nichols, and Taj general manager Binny Kang—prevented a much higher death toll. With a deep understanding of the region and its politics and a narrative flair reminiscent of *Midnight in Peking*, journalists Cathy Scott-Clark and Adrian Levy vividly unfold the tragic events in a real-life thriller filled with suspense, tragedy, history, and heroism.

"The little known cultures and cuisine of northern Laos are the source of the recipes, contributed by Laos' local ethnic groups and Luang Namtha Province's oldest and most renowned ecolodge. Few outsiders have the opportunity to explore the foods of northern Laos in depth. Much of it is only available in people's homes and villages or from the cooking pots of local stalls and markets. Restaurants generally present 'pan Asian' dishes to meet tourist's expectations and the locals' need for different tastes than a home cooked meal. Cookbooks on Lao food are scarce and until now, did not cover Lao

This book presents the actual statements and writings of jihadis expressing their views on virtually every subject relevant to their cause. It is not about Islam as it is practiced in its many varieties in Muslim communities throughout the world, nor is it about Islamic fundamentalism or the various Islamist political movements. Rather, it is about a small group of Muslims who carry out and promote terrorism in the name of Islam. Because the jihadis' statements are often more appalling and more profoundly revealing than the accounts that

have been written about jihadi terrorism, this book provides unfiltered access to a broad range of the stories, rationales, ideas, and arguments of jihadi terrorists and those who support them. Introductory and contextual material is also included, to provide the background and origins of what the jihadis are saying?to each other and to the world. It is hoped that this will provide greater insights into the motives, plans, and participants in jihadi terrorism, as well as the nature of the threat they pose. Not all of the quotations are from prominent jihadis. Some have been selected because they are representative, others because they are contradictory, and still others because they provide a

Two renowned investment advisors and authors of the bestseller *The Great Reckoning* bring to light both currents of disaster and the potential for prosperity and renewal in the face of radical changes in human history as we move into the next century. *The Sovereign Individual* details strategies necessary for adapting financially to the next phase of Western civilization. Few observers of the late twentieth century have their fingers so presciently on the pulse of the global political and economic realignment ushering in the new millennium as do James Dale Davidson and Lord William Rees-

In their ensuing bestseller, *The Great Reckoning*, published just weeks before the coup attempt against Gorbachev, they analyzed the pending collapse of the Soviet Union and foretold the civil war in Yugoslavia and other events that have proved to be among the most searing developments of the past few years. In *The Sovereign Individual*, Davidson and Rees-Mogg explore the greatest economic and political transition in centuries -- the shift from an industrial to an information-based society. This transition, which they have termed "the fourth stage of human society," will
