OUR CULTURE HAS BECOME OBSESSED WITH HUSTLING. As we struggle to keep up in a knowledge economy that never sleeps, we arm ourselves with life hacks, to-do lists, and an inbox-zero mentality, grasping at anything that will help us work faster, push harder, and produce more. There ’ s just one problem: most of these solutions are making things worse. Creativity isn ’ t produced on an assembly line, and endless hustle is ruining our mental and physical health while subtracting from our creative performance. Productivity and Creativity are not compatible; we are stuck between them, and like the opposite poles of a magnet, they are tearing us apart. When we ’ re told to sleep more, meditate, and slow down, we nod our heads in agreement, yet seem incapable of applying this advice in our own lives. Why do we act against our creative best interests? WE HAVE FORGOTTEN HOW TO FLOAT. The answer lies in our history, culture, and biology. Instead of focusing on how we work, we must understand why we work—why we believe that what we do determines who

we are. *Hustle and Float* explores how our work culture creates contradictions between what we think we want and what we actually need, and points the way to a more humane, more sustainable, and, yes, more creative, way of working and living.

No matter what field one may be in, there is a need to market oneself, and Girard, bestselling author of "How to Sell Anything to Anybody," reveals important sales secrets for everyday life.

Recreation Business: Strategies for Success is a conversation about leisure-based businesses for classroom and online courses. From the point of view of a senior scholar who has studied leisure and its social contexts for 5 decades, Kelly begins by introducing the scope and variety of recreation businesses and discusses major issues in the field. Then he turns toward social and behavioral science research about recreation and leisure that has been developed since 1970, answering the question, how does this research guide and direct the beginning and operation of a recreation business? Throughout the book, Kelly encourages dialogue and learning through questions, cases, research ideas, debates, online resources, and more. The beginning is that leisure is different. The focus is on what a recreation business sells or rents: an experience. The crucial element is quality. And decades of study have yielded a lot of insight into how leisure experiences can be raised to a level that will attract and retain clients. John R. (Jack) Kelly

First in the YA bestselling fantasy trilogy of the battle between Light and Dark. "If you loved the Twilight series, you will love this book." —Giuliana Rancic, E! News anchor Caroline Ellis' sixteenth birthday sets into motion a series of events that have been fated for centuries. A descendant of Virginia Dare, the first child born in the lost colony of Roanoke, and unaware of her birthright as the heir to the throne of the Light Fae, it isn't until Caroline begins a tumultuous relationship with Devilyn Reilly that the truth of her heritage is revealed. Devilyn is the only Fae who is both of the Light and of the Dark, and struggles to maintain that precarious balance to avoid succumbing to the power of the Dark within him. He is the only one who can save Caroline from those who would destroy her and destroy all hope for unity among the Fae. He promises Caroline that he will protect her at all costs, even when it means protecting her from himself. Told from the alternating perspectives of Caroline and Devilyn, Fae draws on mysteries, myths and legends to create a world, and a romance, dangerously poised between Light and Dark. Praise for the Fae trilogy "A phenomenal series." —Margaret Stohl, #1 New York Times bestselling coauthor of *Jo & Laurie* "Lovers you must buy a copy!" —Nicky Whelan, actress, *Hall Pass*, *Franklin & Bash* "Since the Twilight series recently came to an end, the search for the next hit teen novel is on. Fortunately, with C.J. Abedi's first book in the Fae series, there may be no need to look any further." —Firsttoknow.com

Articles, charts, lists, photographs and illustrations to help you eliminate confusion and uncertainty about topics such as stocking your kitchen, talking about your health, straightening up your home office, taking, editing, storing and sharing digital photos, doing laundry, preparing a home emergency kit and buying electronic gadgets for your car.

The design of the new Samsung Galaxy Tab A 2019 has changed a lot compared to its previous generations. It now sports an Android 9.0 Pie and a host of other cool features to give you the most experience. For instance, there's no more lower home, back, and recent buttons as they are now being replaced by an on-screen design. Also, there is no flash for the camera, which means you have to know how to explore this feature so you can get the most of the camera settings. Whether you have just both the new Samsung Galaxy Tab A 10.1", or the Tab A 8.0" or the Tab A 10". you're probably exploring all the cool features this beautiful tablet has to offer. This guidebook will help you learn how to get more from your Samsung Galaxy Tab A device whether it is the, 8", or 10.1-inch or 10.5" model.
