Ian Wigby is about to find out that he is a very special boy. Along the southern coast of England, atop the White Cliffs of Dover, stands a castle. And at that castle's old keep is an orphanage. Delphi Keep has seen many youngsters come and go through its gates, and Ian Wigby and his sister, Theodosia, are happy to call it home. Life has always been simple at the Keep, and the orphanage safe, until one day, Ian and Theo find a silver treasure box. And within the box, a prophesy. Three thousand years ago a great Greek oracle wrote of a quest. A quest on which the fate of the world depends. A quest that names two children—Ian and Theodosia. Suddenly Delphi Keep is no longer safe. And Ian and Theo, along with a very special group of friends, realize they must unravel the meaning behind the scroll of Dover cavern before darkness falls on the world. And before an unfathomable evil catches up with them.

Delphi Keep is awash in activity, and for Ian, Theo, and Carl, their safe haven might be nearing its end. The Royal Navy has taken the keep to use as a hospital and the tunnels running under the keep and the castle are ideal to set up a central communications outpost for the approaching war. The earl is happy to help the effort, but now the keep is no longer safe for the orphans and they must be evacuated to his winter residence. Ian, Theo, and Carl know that if they're sent away, they'll no longer be protected. But more important than their safety is deciphering the third prophecy. All clues point to a quest. The orphans don't know where they must go, but they know they must rescue the Secret Keeper. To do that, however, they need to work out who this Secret Keeper is. And what, exactly are the secrets he's keeping?

According to prophecy, a trip through the magical portal near the Dover, England, orphanage where Ian and Theo live will bring them to the third Oracle, a child with extraordinary healing powers to help defeat a great evil, but it will also lead to Ian's death.

Provides a narrative history of this sanctuary and city, from its founding to its modern rediscovery, to show more clearly than ever before why Delphi was one of the most important places in the ancient world for so long. Scott covers the whole history and nature of Delphi, from the literary and archaeological evidence surrounding the site, to its rise as a center of worship with a wide variety of religious practices, to the constant appeal of the oracle despite her cryptic prophecies. He describes how Delphi became a contested sacred site for Greeks and Romans and a storehouse for the treasures of rival city-states and foreign kings. He also examines the eventual decline of the site and how its meaning and importance have continued to be reshaped right up to the present. Finally, for the modern visitor to Delphi, he includes a brief guide that highlights key things to see and little-known treasures. --From publisher description.

All Althaia wants on her trip to Delphi is to fulfill her father's last wish. Finding the body of a woman in the Sacred Precinct is not in her plans. Neither is getting involved in the search for the killer, falling for the son of a famous priestess, or getting pulled into the ancient struggle for control of the two most powerful oracles in the world. But that's what happens when Theron, Althaia's tutor and a man with a reputation for finding the truth, is asked to investigate. When a priest hints that Theron himself may be involved, Althaia is certain the old man is crazy — until Nikos, son of a famous priestess, arrives with an urgent message. Theron's past, greedy priests, paranoid priestesses, prophecies, and stolen treasures complicate the investigation, and as Althaia falls for Nikos, whose dangerous secrets hold the key to the young woman's death, she discovers that love often comes at a high price and that the true meaning of family is more than a bond of blood.

An innovative reading of how different authors tell stories about the Delphic Oracle, focusing on the religious views thereby conveyed.

In Washington, D.C., a homeless man takes an assassin's bullet and dies in Commander Gray Pierce's arms. A bloody coin clutched in the dead man's hand—an ancient relic that can be traced back to the Greek Oracle of Delphi—is the key to a conspiracy that dates back to the Cold War and threatens the very foundation of humanity. For what if it were possible to bioengineer the next great prophet—a new Buddha, Muhammad, or even Jesus? Would this Second Coming be a boon . . . or would it initiate a chain reaction that would result in the extinction of humankind? Vital seconds are ticking rapidly away as Pierce races across the globe in search of answers, one step ahead of ruthless killers determined to reclaim the priceless artifact. Suddenly the future of all things is balanced on the brink between heaven and hell—and salvation or destruction rests in the hands of remarkable children.

Maddie Fynn is a shy high school junior cursed with an eerie intuitive ability that's out of her control -- one that entangles her in a homicide investigation. For as long as she can remember, Maddie has seen a series of unique digits hovering above the foreheads of each person she encounters. Her earliest memories are marked by these numbers, but it takes her father's premature death for Maddie and her family to realize that these mysterious digits are actually deathdates, and just like birthdays, everyone has one. Forced by her alcoholic mother to use her ability to make extra money, Maddie identifies the quickly approaching deathdate of one client's young son, but because her ability only allows her to see the when and not the how, she's unable to offer any more insight. When the boy goes missing on that exact date, law enforcement turns to Maddie. Soon, Maddie is entangled in a homicide investigation, and more young people disappear and are later found murdered. A suspect for the investigation, a target for the murderer, and attracting the attentions of a mysterious young admirer who may be connected to it all, Maddie's whole existence is about to be turned upside down. Can she right things before it's too late?

Indiana Jones, a young archaeology graduate student studying in 1920s Paris, falls for his beautiful professor, Dorian Belemacus, and begins an incredible adventure

A book of short stories in the historical fantasy/fiction genre about interventions by the Ancient Oracle Phoebe and her friends into fictional and non-fictional lives and events. Inventor Nikola Tesla, Dracula, the Gunfight at the OK Corral, 1920's Jazz musician 'Bix' Beiderbecke, Carl Jung, Ernest Shackleton (the Antarctic explorer), and others meet Phoebe and her associates...and things change.
