north jersey cars & trucks "panamera" - craigslist

The PDK transmission is a combination of a manual and automatic transmission. As a result, the transmission uses both manual transmission oil and automatic transmission fluid (ATF). This is a source of confusion for many Porsche owners because Porsche calls for both a “PDK transmission oil change” and a “PDK clutch oil change”.

How To Change PDK Oil on a Porsche Panamera AWD Models ...

2012 Porsche Panamera Automatic vs Manual Transmission. Automatic and manual transmission will mostly require diverse fluids. Automatic transmission fluids are typically thinner and are mostly red or green in color. Manual transmission fluid or gear oil is thicker due to additives and substitute compounds essential to lubricate the gearbox and substitute components.
