Question: If there is one rule of thumb you had to live by, what would it be and why? Webber: Rule #52, the last one I wrote tells us all to pay attention — there are teachers everywhere. If we pay attention to what we're doing, to who we're meeting, to what is actually going on around us, we'll all make better choices, have a greater awareness of what matters, and be more alive to the possibilities in life and in work.

The English phrase rule of thumb refers to a principle with broad application that is not intended to be strictly accurate or reliable for every situation. It refers to an easily learned and easily applied procedure or standard, based on practical experience rather than theory. This usage of the phrase can be traced back to the seventeenth century and has been associated with various trades where quantities were measured by comparison to the width or length of a thumb. A modern folk etymology ho
