The long-awaited finale of Z.A. Recht 's " action-packed zombie extravaganza " (Ryan C. Thomas) that began with the acclaimed novels Plague of the Dead and Thunder and Ashes. . . . THE MORNINGSTAR STRAIN WAS THE END OF THE WORLD. In the wake of the zombie apocalypse, two separate bands of survivors journey across a decimated America, each with the desperate goal of finding the cure for the virulent plague that threatens the existence of humankind—or what 's left of it. Now it 's up to these inheritors of the future to outlive their waking nightmare, any way they can. BUT FOR THESE SURVIVORS, IT IS JUST THE BEGINNING. One group includes a brilliant virologist; for the other, an immune soldier proves invaluable. Battling infected and marauding raiders at every turn, the teams soon uncover the devious plans of Sawyer, an agent of the Chairman of the Reunited States of America, who believes that Dr. Anna Demilio already has the cure, and he will stop at nothing to find her. Now, with the salvation of the world and their own souls on the line, how far

will the survivors go to emerge victorious?

The Morningstar virus. Those infected suffer delirium, fever, violent behaviour ... and a hundred per cent mortality rate. But that's not the worst of it. The victims return from the dead to walk the earth. And when a massive military operation fails to contain the plague of the living dead, it escalates into a worldwide pandemic. On one side of the world, thousands of miles from home, a battle-hardened general surveys the remnants of his command: a young medic, a veteran photographer, a rash private, and dozens of refugees -- all of them his responsibility. Meanwhile in the United States, an army colonel discovers the darker side of Morningstar and collaborates with a well-known journalist to leak the information to the public...

Zombies have devoured mankind. And the few survivors would be better off dead because a clan of vampires, bloodthirsty and vicious, have captured the remnants of humanity for livestock. In an apartment building barricaded with wrecked cars, concrete rubble, and snarls of barbed wire, the vampires breed lobotomized amputees. Ann, the secret blood slave of the maternity doctor, has evaded this fate, yet her sister Ellie has not. Though she longs to escape, Ann cannot abandon her sibling and unborn niece. But she may have to if she wants to survive. The living dead have found a weak spot in the barricade and are quickly invading the building. Shade, the vampire monarch, defends her kingdom, while Frost, Shade's general, plans to migrate to an island where they can breed and hunt humans. In their path stands a legion of corpses, just now evolving into something far more lethal, something with tentacles--and that's just the beginning.

Soon Joe Ledger and the Department of Military Sciences begin tearing down the veils of deception to uncover a vast and powerful secret society using weaponized versions of the Ten Plagues of Egypt to destabilize world economies and profit from the resulting chaos. In ASSASSIN'S CODE, the fourth book in New York Times bestselling author Jonathan Maberry's Joe Ledger series, Joe Ledger and the DMS go on a relentless chase to stop an ancient order of killers from plunging the entire world into Holy War. When Joe Ledger and Echo Team rescue a group of American college kids held hostage in Iran, the Iranian government then asks them to help find six nuclear bombs planted in the Mideast oil fields. These stolen WMDs will lead Joe and Echo Team into hidden vaults of

forbidden knowledge, mass-murder, betrayal, and a brotherhood of genetically-engineered killers with a thirst for blood. Accompanied by the beautiful assassin called Violin, Joe follows a series of clues to find the Book of Shadows, which contains a horrifying truth that threatens to shatter his entire worldview. They say the truth will set you free...not this time. The secrets of the Assassin's Code will set the world ablaze.

In Jonathan Maberry's *The Dragon Factory*, Joe Ledger and the DMS (Department of Military Sciences) face their deadliest threat yet when they go up against two competing groups of geneticists bent on world domination. One side is creating exotic transgenic monsters and genetically enhanced mercenary armies; the other is using 21st century technology to continue the Nazi Master Race program begun by Josef Mengele. Both sides want to see the DMS destroyed, and they've drawn first blood. Neither side is prepared for Joe Ledger as he leads Echo Team to war under a black flag.

The dead have risen, and they are hungry. They are tough, they are lethal, and they are everywhere. Savage packs of the undead wander the world, feeding on the living. And they are getting stronger... In Brattleboro, Vermont, John Mason and his beautiful young wife Sara believe that family can survive anything. When the apocalypse arrives they pack food, clothing, and weapons, then hit the road with their dog seeking refuge in the mountains of John's youth. There John and Sara, together with family, friends, and neighbors, build a stronghold against the encroaching mass of the dead. The mindless walking dead are only the beginning of their troubles in this new, violent world. Something darker still is moving, and John, Sara, and the other survivors must unite and fight together or be torn apart by this New Zed Order.

For years the Department of Military Sciences has fought to stop terrorists from using radical bioweapons—designer plagues, weaponized pathogens, genetically modified viruses, and even the zombie plague that first brought Ledger into the DMS. These terrible weapons have been locked away in the world's most secure facility. Until now. Joe Ledger and Echo Team are scrambled when a highly elite team of killers breaks the unbreakable security and steals the world's most dangerous weapons. Within days there are outbreaks of mass slaughter and murderous insanity across the American heartland.
