In a way, The Future for Curious People is the sort of anti-Eternal Sunshine of the Spotless mind in how it handles relationships and technology, if that makes any sense, and that makes it an interesting read. The story is about a future where people can essentially hook themselves up to a computer and see various iterations of their future.

In The Future for Curious People, a young librarian named Evelyn becomes obsessed with this new technology: she can't stop visiting Dr. Chin's office because she needs to know that she'll meet someone and be happy one day. Godfrey, another client, ends up at the envisionist's office only because his fiancée insisted they know their fate before taking the plunge.
