"A candid look at the cultural factors that lend themselves to tolerance of abuse and violence against women."—Booklist

Revised and updated to include current studies, politics, and discussions, *The Macho Paradox* is the first book to show how violence against women is a male issue as well as a female one — and how we can come together to stop it. Written by pioneering anti-violence educator Jackson Katz, *The Macho Paradox* incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. By working together as allies,

The Macho Paradox incorporates the voices and experiences of women and men who have confronted the problem from all angles, the discussions surrounding current events in politics and pop-culture, and where the violence is ignored or encouraged in our upbringing. Katz also offers cogent explanations for why so many men harass and hurt women, and he shows what can be done to stop the violence. By working together as allies, Katz shows how all genders can end the abuse and mistreatment of women.

Why Americans always elect men as presidents? It's no secret that there is a wide—and growing—gender gap in American presidential politics. Over the past thirty years, Democrats have made

Where To Download The Macho Paradox Why Some

major gains with women, while Republicans have been doing far better with men—especially white working class men. The question is why? In *Leading Men*, Jackson Katz argues that racial politics and economic anxieties are not enough to explain the dramatic gender divide in American voting patterns. Cutting against the grain of typical analyses of the gender gap that have focused almost exclusively on women, Katz trains his focus the other way around: on the male side of the equation. He offers stunning evidence that American presidential campaigns have evolved into nothing less than quadrennial referenda on competing versions of American manhood. And in the process, he never takes his eye off what this development means for women—as both candidates and citizens. Written in an engaging style that will appeal to general readers, political

Where To Download The Macho Paradox Why Some

experts, and activists alike, Katz explores some of the major political developments, news events and campaign strategies that have made the presidency the center of a cultural conversation about manhood over the past few decades. Ranging from the election of the former Hollywood actor Ronald Reagan in 1980, through the election of Barack Obama in 2008, and into the 2012 campaign season, Katz zeroes in on how the very notion of what it means to be “presidential” has in many ways become synonymous with traditional definitions of manhood. Whether he is examining right-wing talk radio’s relentless attacks on the masculinity of Democratic candidates, or how fears of appearing weak and vulnerable end up shaping candidates’ actual policy positions, Katz offers a new way to understand the power of image in presidential politics. In the end, Leading

Men offers nothing less than a paradigm-shifting way to understand the dynamics of presidential elections, and the very nature of the American presidency.

The former NFL quarterback examines the roots of masculinity gone awry and how it promotes violence against women. In *You Throw Like a Girl*, former Syracuse University quarterback and NFL veteran Don McPherson examines how the narrow definition of masculinity adversely impacts women and creates many “blind spots” that hinder the healthy development of men. Dissecting the strict set of beliefs and behaviors that underpin our understanding of masculinity, he contends that we don’t raise boys to be men, we raise them not to be women. Using examples from his own life, including his storied football career, McPherson passionately argues that viewing violence

Men Hurt Women And How All Men Can Help

against women as a “women’s issue” not just ignores men’s culpability but conflates the toxicity of men’s violence with being male. In *You Throw Like a Girl*, McPherson leads us beyond the blind spots and toward solutions, analyzing how we can engage men in a sustained dialogue, with a new set of terms that are aspirational and more accurately representative of the emotional wholeness of men. “One of the most important books ever written by a former elite male athlete.” —Jackson Katz, author of *The Macho Paradox* “An essential exploration of what’s holding men and sports back—and how to overcome it.” —The Washington Post “Don McPherson is a quarterback for a wider community.” —Newsday “A crucial read for anyone interested in learning more about how sports culture informs limited definitions of masculinity, and how such definitions

Men Hurt Women And
How All Men Can Help
are destructive for boys and men, and
dangerous to girls and women.”—The
Undeclared (A Can't Miss Book of 2019)

Why has the U.S. never had a woman president? With Hillary Clinton engaged in a historic campaign that could see her becoming the first woman elected president of the United States, the national conversation about gender and the presidency is gaining critical momentum. Commentators have fixated on the special challenges women candidates for the presidency face: endless media scrutiny about what they look like, the clothes they wear, the deeply sexist attitudes and beliefs that keep people from believing a woman is capable of serving as Commander in Chief of the Armed Forces. But gender has always been a crucial factor in presidential politics, especially in recent decades, as the Civil Rights,

Where To Download The Macho Paradox Why Some

womens and gay rights movements have transformed the social landscape and presented a major challenge to traditional white male power and privilege. In *Man Enough?*, Jackson Katz puts forth the original and highly provocative thesis that in this cultural context presidential campaigns have become the center stage of an ongoing national debate about manhood, a kind of quadrennial referendum on what type of manor one day, womanembodies not only our ideological beliefs, but our very identity as a nation. Written in an engaging style that will appeal to general readers, political experts, and activists alike, Katz explores some of the major political developments, news events and campaign strategies in key elections in recent history. Ranging from the election of the former Hollywood actor Ronald Reagan in 1980 through the re-election of Barack Obama, and

Where To Download The Macho Paradox Why Some

extending his analysis into the 2016 election season, Katz zeroes in on how the very notion of what it means to be presidential is linked closely with evolving ideas about manhood. Whether he is exam

The late-twentieth-century anxiety about a 'crisis in masculinity' still persists today, particularly in English-speaking cultures. *Studying Men and Masculinities* offers an engaging and comprehensive overview of masculinity. Drawing on a wide range of cultural practices and texts from different genres and media, David Buchbinder examines the notion of patriarchy and the challenges to patriarchal power, including queer theory. The book considers whether crisis may in fact be built into the very structure of the masculine, and examines emergent masculinities post-9/11. Theoretical positions within the field are clearly explained and applied to real life

Men Hurt Women And How All Men Can Help case studies from literature, film, and television. Interspersed in each chapter are a series of questions and tasks aimed at encouraging the reader to engage her/himself in the study of masculinities in everyday life and popular culture. This topical and thought-provoking book will be an invaluable resource for students of masculinities studies, sexuality studies, cultural studies, and gender theory.

An international TED Talk speaker, Tony Porter challenges manhood and male socialization, which he defines as the “man box.” Tony Porter works closely with the NFL, the NBA, the MLB, the US military, colleges, universities, and numerous other organizations to prevent violence against women and girls by promoting healthy, respectful manhood. Now, in *Breaking Out of the “Man Box”* Porter’s message is directed at all men.

Where To Download The Macho Paradox Why Some

This book tackles the collective socialization of manhood and provides an in-depth look at the experiences of boys and men. In an effort to understand the many aspects of “what it means to be a man,” Porter suggests the topic is worthy of being rethought, challenged, and even redefined. This book will help men—fathers, husbands, brothers, coworkers, etc.—unpack and correct those realities. *Breaking Out of the “Man Box”* boldly exposes the connection between male socialization and the quest to end violence against women and girls. Porter provides an honest and transformative experience, empowering men to create a world where men and boys are loving and respectful—and a human race where women and girls are valued and safe. On the heels of national movements and initiatives such as the NFL’s NoMore.org, this book provides men with the

In this thoroughly revised and updated edition, Catherine Clark Kroeger and Nancy Nason-Clark share with readers a further ten years of experience in listening to the voices of women from around the world and especially to those in the church. They help us hear their cries and find concrete ways to respond so that no home will be a place of abuse.
