Combining diverse sociological and philosophical theories, this title offers a comparative analysis of the witch hunts of the early modern era. It contains an analyses of the role of apocalyptic crises such as plague, war and other hardship.

Path of the Devil. Camino del Diablo is a story of true events that occurred 1991-1996. DEA Agent Larry Hardin and two private investigators, Jeff Pearce and Randy Torgerson, were determined to bring down the Meraz organization along the southwestern border. For five years the three men spearheaded two separate, and simultaneous investigations in different locations that eventually merged. Jeff and Randy provided information to Larry to build his case when they found the Meraz's were working with corrupt employees of their California client. The Meraz's attempted to murder two DEA agents (1970s) and were connected to the murders of Kiki Camerena, George Montoya, Paul Seema, Jose Montoya, Dan Elkins, and Michael Crowe. Larry was determined to indict the Meraz's.

In today's culture of scientific enlightenment, many consider belief in demonic possession and exorcism to be superstitious remnants of the Dark Ages. Even many Christians, contrary to the clear words of Jesus in the Gospel, scoff at the notion that the Devil and demons really exist. Is demonic possession real? Are believers really in any danger from Satan and his crafty minions? What is the truth about exorcism? Written by one of the Church's foremost experts on the topic, interview with an Exorcist is based on Fr. Jose Antonio Fortea's years of working as an exorcist, his extensive investigations of cases of suspected possessions, and his attendance at hundreds of exorcisms.

While draining a pond during work for the construction of the Stockton to Darlington Railway George Stephenson's workers discover a female corpse with a dagger stuck between her ribs—could it be that of Lady Beresford, the French wife of a local baron who disappeared under mysterious circumstances twenty years ago? The identity of the victim is at the heart of Jean-Pierre Ohl's novel, a richly woven tapestry set during the rise of capitalism in England. The Devil's Road has a Dickensian range of characters from the indolent liberal lawyer Bailey, with a taste for Byron's poems and madeira wine, his imperturbable clerk Snegg, the activist worker Davies and the 'Corporal', a veteran of the Napoleonic wars and demonstrator wounded at the Peterloo Massacre—there is even a role for the young Charles Dickens working in the blacking warehouse.

Beware when dealing with devils The Abomination Vaults sprawl far beneath the mysterious Gauntlet, and it's time to take weapons, torches, and wits into the deeper dungeons. Here, vile fleshcrafters labor to create armies of monsters for their long-dead leader, and a force of devils still work to maintain order among the feral and fractious monsters. An unlikely ally can reveal the secrets of the Abomination Vaults, but his price is steep and must be paid in blood. "Hands of the Devil" is a Pathfinder adventure for four 5th-level characters. This adventure continues the Abomination Vaults Adventure Path, a three-part, monthly campaign in which the heroes explore a sprawling megadungeon to stop an ancient evil from renewing her monstrous vengeance. This adventure also includes a close look at the wicked will-o'-wisps, an examination of Golarion's fleshcrafters, and new rules and monsters Each monthly full-color softcover Pathfinder Adventure Path volume contains an in-depth adventure scenario, stats for several new monsters, and support articles meant to give Game Masters additional material to expand their campaign. Pathfinder Adventure Path volumes use the Open Game License and work with both the Pathfinder RPG and the world's oldest fantasy RPG.

Stephen Batchelor's seminal work on humanity's struggle between good and evil In the national bestseller Living with the Devil, Batchelor traces the trajectory from the words of the Buddha and Christ, through the writings of Shantideva, Milton, and Pascal, to the poetry of Baudelaire, the fiction of Kafka, and the findings of modern physics and evolutionary biology to examine who we really are, and to rest in the uncertainty that we may never know. Like his previous bestseller, Buddhism without Beliefs, Living with the Devil is also an introduction to Buddhism that encourages readers to nourish their "buddha nature" and make peace with the devils that haunt human life. He tells a poetic and provocative tale about living with life's contradictions that will challenge you to live your life as an existence imbued with purpose, freedom, and compassion—rather than habitual self-interest and fear.

In 1939, a young Vilém Flusser faced the Nazi invasion of his hometown of Prague. He escaped with his wife to Brazil, taking with him only two books: a small Jewish prayer book and Goethe's Faust. Twenty-six years later, in 1965, Flusser would publish The History of the Devil, and it is the essence of those two books that haunts his own. From that time his life as a philosopher was born. While Flusser would later garner attention in Europe and elsewhere as a thinker of media culture, The History of the Devil is considered by many to be his first significant work, containing nascent forms of the main themes that would come to preoccupy him over the following decades. In The History of the Devil, Flusser frames the human situation from a pseudo-religious point of view. The phenomenal world, or "reality" in a general sense, is identified as the "Devil," and that which transcends phenomena, or the philosophers' and theologians' "reality," is identified as "God." Referencing Wittgenstein's Tractatus Logico-Philosophicus in its structure, Flusser provocatively leads the reader through an existential exploration of nothingness as the bedrock of reality, where "phenomenon" and "transcendence," "Devil" and "God" become fused and confused. So radically confused, in fact, that Flusser suggests we abandon the quotation marks from the terms "Devil" and "God." At this moment of abysmal confusion, we must make the existential decisions that give direction to our lives.
