### The Revolution: A Manifesto | Mises Institute

It was protection for the people against a government that would exist only to serve itself, defeating the sole purpose for its creation. That is not the country that the United States was in 2008 when Ron Paul wrote The Revolution: A Manifesto. It isn't the country in 2012 either.

### The Revolution: A Manifesto by Ron Paul

THE REVOLUTION: A MANIFESTO Ron Paul Grand Central Publishing, 2008, xi + 173 pgs. In his historic campaign for president, Ron Paul again and again held up the Constitution as a benchmark to judge the policies of the American government. For this, some libertarians criticized him. Was Paul not guilty of "constitution worship"?

#1 NEW YORK TIMES BESTSELLER This much is true: You have been lied to. The government is expanding. Taxes are increasing. More senseless wars are being planned. Inflation is ballooning. Our basic freedoms are disappearing. The Founding Fathers didn't want any of this. In fact, they said so quite clearly in the Constitution of the United States of America. Unfortunately, that beautiful, ingenious, and revolutionary document is being ignored more and more in Washington. If we are to enjoy peace, freedom, and prosperity once again, we absolutely must return to the principles upon which America was founded. But finally, there is hope . . . In THE REVOLUTION, Texas congressman and presidential candidate Ron Paul has exposed the core truths behind everything threatening America, from the real reasons behind the collapse of the dollar and the looming financial crisis, to terrorism and the loss of our precious civil liberties. In this book, Ron Paul provides answers to questions that few even dare to ask. Despite a media blackout, this septuagenarian physician-turned-congressman sparked a movement that has attracted a legion of young, dedicated, enthusiastic supporters . . . a phenomenon that has amazed veteran political observers and made more than one political rival envious. Candidates across America are already running as "Ron Paul Republicans." "Dr. Paul cured my apathy," says a popular campaign sign. THE REVOLUTION may cure yours as well.

Congressman Ron Paul (TX-R)--presidential candidate, popular ideologue, debate favorite, and creator of one of the largest grassroots campaigns in history--sets forth his revolutionary manifesto and challenges America to make the tough changes needed to survive.

This Much Is True: You Have Been Lied To. The government is expanding. Taxes are increasing. More senseless wars are being planned. Inflation is ballooning. Our basic freedoms are disappearing. The Founding Fathers didn't want any of this. In fact, they said so quite clearly in the Constitution of the United States of America. Unfortunately, that beautiful, ingenious, and revolutionary document is being ignored more and more in Washington. If we are to enjoy peace, freedom, and prosperity once again, we absolutely must return to the principles upon which America was founded. But finally, there is hope . . . Candidates across America are already running as "Ron Paul Republicans." "Dr. Paul cured my apathy," says a popular campaign sign. The Revolution may cure yours as well.

In Liberty Defined, congressman and #1 New York Times bestselling author Ron Paul returns with his most provocative, comprehensive, and compelling arguments for personal freedom to date. The term "Liberty" is so commonly used in our country that it has become a mere cliché. But do we know what it means? What it promises? How it factors into our daily lives? And most importantly, can we recognize tyranny when it is sold to us disguised as a form of liberty? Dr. Paul writes that to believe in liberty is not to believe in any particular social and economic outcome. It is to trust in the spontaneous order that emerges when the state does not intervene in human volition and human cooperation. It permits people to work out their problems for themselves, build lives for themselves, take risks and accept responsibility for the results, and make their own decisions. It is the seed of America. This is a comprehensive guide to Dr. Paul's position on fifty of the most important issues of our times, from Abortion to Zionism. Accessible, easy to digest, and fearless in its discussion of controversial topics, LIBERTY DEFINED sheds new light on a word that is losing its shape.

This Much Is True: You Have Been Lied To. The government is expanding. Taxes are increasing. More senseless wars are being planned. Inflation is ballooning. Our basic freedoms are disappearing. The Founding Fathers didn't want any of this. In fact, they said so quite clearly in the Constitution of the United States of America. Unfortunately, that beautiful, ingenious, and revolutionary document is being ignored more and more in Washington. If we are to enjoy peace, freedom, and prosperity once again, we absolutely must return to the principles upon which America was founded. But finally, there is hope . . . A provocative and controversial treatise that argues we cannot actually fix the broken economy without discussing the 800-lb gorilla in the room: the Federal Reserve. Most people think of the Fed as an indispensable institution without which the country's economy could not properly function. But in *End the Fed*, Ron Paul draws on American history, economics, and fascinating stories from his own long political life to argue that the Fed is both corrupt and unconstitutional. It is inflating currency today at nearly a Weimar or Zimbabwe level, a practice that threatens to put us into an inflationary depression where \$100 bills are worthless. What most people don't realize is that the Fed -- created by the Morgans and Rockefellers at a private club off the coast of Georgia -- is actually working against their own personal interests. Congressman Paul's urgent appeal to all citizens and officials tells us where we went wrong and what we need to do fix America's economic policy for future generations.

Twelve-term Texas Congressman, Presidential candidate, and #1 New York Times bestselling author Ron Paul returns with a highly provocative treatise about how we need to fundamentally change the way we think about America's broken education system in order to fix it. Whether or not you have children, you know that education is vital to the prosperity and future of our society. Yet our current system simply doesn't work. Parents feel increasingly powerless, and nearly half of Americans give our schools a grade of "C". Now, in his new book, Ron Paul attacks the problem head-on and provides a focused solution that centers on strong support for home schooling and the application of free market principles to the American education system. Examining the history of education in this country, Dr. Paul identifies where we've gone wrong, what we can do about it, and how we can change the way we think about education in order to provide a brighter future for Americans.

Revised Pocket Edition! The second edition of *Gold, Peace, and Prosperity* is just 4.25" x .4" x 7" in size. Truly portable and available at volume discounts. The book has been newly type set and all images updated. This is the perfect handout for education of the gold standard. The book is a quick read that covers the whole history of monetary destruction, providing information that most people have never heard or thought about. In that sense, it is the perfect conversation starter, and it could inspire more reading and activism for sound money. We produced this beautiful edition for the broadest distribution - an effort to popularize and universalize the cause of sound money. Author Ron Paul has been the leading champion of sound money in the Congress. He explains why sound money has meant the gold standard. The monograph is written in the clearest possible terms with the goal of explaining the basics of paper money and its effects of inflation, business cycles, and government growth. He maps out a plan to bring about a dollar that is as good as gold, one that would be protected against manipulation by government and central bankers. Part of that strategy is the minting of a new gold one but the more far-reaching plan involves a redefinition of the dollar and complete monetary competition. This monograph first appeared in 1981, and it has been in wide distribution ever since. But we've never had an edition this beautiful, this affordable, and this handy. Second Edition Foreword by Henry Hazlitt Preface by Murray Rothbard.

Government regulations are out of control. They dictate how much water goes into your commode, and how much water comes out of your showerhead. They determine how hot the water needs to be in your washing machine, and how many miles to the gallon your car must achieve. Since the Patriot Act, your banking records, your gun registration, and your phone bill are easily accessible by government snoops. Mothers are arrested for buying raw milk. Families are fined for selling bunny rabbits without a license. Home and property owners are strapped with obscene fines, entangled in costly legal messes, and sent to federal prison, all for moving dirt from one end of their land to another. Unelected bureaucrats, armed with arbitrary rules and no need to back them up, stonewall and attack American citizens at every turn. The damage can be overwhelmingly taxing---financially, emotionally and even physically. And who is being held accountable? Government regulation and red tape run amok in Washington, and honest, tax-paying citizens are the victims of an administration's misuse and abuse of power. Now, Senator Rand Paul of Kentucky, takes an in-depth look at the legislation that is trampling the rights of ordinary citizens, strangling their ability to conduct private, everyday activities without egregious government interference. He highlights outrageous searches, seizures and arrests, and points to thousands of regulations that have been added to the books since Obama took office. Most importantly, he charts a direction out of this mess, and toward renewed freedom for all Americans. These stories are of everyday Americans badgered and harassed by their own government---the very institution that is supposed to serve us all. This gross breach of our constitution is as frightening as it is real, and **GOVERNMENT BULLIES** is a call to action against it.
