This book examines the
forces responsible for
emerging inequalities in
the rampant
development of Miami
as a “ world city. ”

Looking at news as
central to neoliberal
movements in physical
geography and

Read Book

Urban

collective ideology, the authors analyze intersections of memory, race, capitalism, and journalistic power as Miami ' s geography changes due to rising seas.

We live in a self-proclaimed Urban Age, where we celebrate the city as the source of economic prosperity, a

Read Book

Urban

nurturer of social and cultural diversity, and a place primed for democracy. We

proclaim the city as the fertile ground from which progress will arise. Without cities, we tell ourselves, human civilization would falter and decay. In *Cities in the Urban Age*, Robert A. Beauregard argues that this line of thinking

Read Book

Urban

is not only hyperbolic—it is too celebratory by half. For Beauregard, the city is a cauldron for four haunting contradictions. First, cities are equally defined by both their wealth and their poverty. Second, cities are simultaneously environmentally destructive and yet promise sustainability.

Read Book

Urban

Third, cities encourage rule by political machines and oligarchies, even as they are essentially democratic and at least nominally open to all. And fourth, city life promotes tolerance among disparate groups, even as the friction among them often erupts into violence. Beauregard offers no

Read Book

Urban

simple solutions or proposed remedies for these contradictions; indeed, he doesn't necessarily hold that they need to be resolved, since they are generative of city life. Without these four tensions, cities wouldn't be cities. Rather, Beauregard argues that only by recognizing these

Read Book

Urban

ambiguities and contradictions can we even begin to understand our moral obligations, as well as the clearest paths toward equality, justice, and peace in urban settings.

Urban Renewal and Resistance: Race, Space, and the City in the Late Twentieth to

processes of urban

growth and renewal.

This book combines

insights from critical

geography, urban

studies, and

communication to

explore how urban

Read Book

Urban

spaces, like Detroit and Harlem, are rhetorically structured through neoliberal discourses that mask the racialized nature of housing and health in American cities. The analysis focuses on city planning documents, web sites, media accounts, and draws on insights from personal interviews in order to pull together a

Read Book

Urban

story of city growth and its consequences, while keeping an eye on the ways city residents continue to confront and resist control over their communities through counter-narratives that challenge geographies of injustice. Recommended for scholars of communication studies, journalism, sociology,

Read Book

Urban

geography, and political science.

Lowes examines the conflict that arose between a Vancouver community and the civic boosters who wanted to move the Molson Indy Vancouver motorsport event to their neighbourhood park.

Read Book

Urban

With the majority of the world's population now living in cities, questions about the cultural and political trajectories of urban societies are increasingly urgent.

Media and the City explores the global city as the site where these questions become most prominent. As a space of intense communication and difference, the

Read Book

Urban

global city forces us to think about the challenges of living in close proximity to each other. Do we really see, hear and understand our neighbours? This engaging book examines the contradictory realities of cosmopolitanization as these emerge in four interfaces: consumption, identity, community and

Read Book

Urban

action. Each interface is analysed through a set of juxtapositions to reveal the global city as a site of antagonisms, empathies and co-existing particularities.

Timely, interdisciplinary and multi-perspectival, *Media and the City* will be essential reading for students and scholars in media and communications,

Read Book

Urban

cultural studies and sociology, and of interest to those concerned with the growing role of the media in changing urban societies.
