Things to Do in NYC: Ellis Island - TripSavvy Dedicated to the Restoration and Preservation of the Statue of Liberty and Ellis Island.

The Statue of Liberty & Ellis Island Ellis Island An island in the harbor of New York City. The chief immigration station of the United States was on Ellis Island from 1892 to 1943, a time when millions of people, especially from Europe, came to the United States. notes for Ellis Island

Ellis island | Definition of Ellis island at Dictionary.com InSapphoWeTrust/ Wikipedia Commons The Ellis Island Immigration Museum is located on an island in the middle of the New York Harbor. The island is located both in the state of New Jersey and New York. Because it's surrounded by water to get to Ellis Island, you'll need to take a ferry from Battery Park City or New Jersey.

Describes the history of Ellis Island, a gateway for many immigrants coming to the United States in the nineteenth and early twentieth centuries, and details the restoration of the landmark and its reopening as a museum.

Since opening in 1892, Ellis Island has come to symbolize the waves of immigrants from a list of countries that seems endless. In this work, Bial tells the story of Ellis Island itself. Full color.

Accounts from children, police, immigration officers, and the immigrants themselves come to life in a moving tale about the history of Ellis Island, enhanced will black-and-white photographs.

A dramatic, multi-vocal account of the personal agonies and ecstasies that played out within the walls of Ellis Island, as told by Poland's greatest living journalist This is the people's history of Ellis Island--the people who passed through it, and the people who were turned away from it. From Annie Moore, the Irishwoman who was the first to be processed there, to Arne Petersen, the Norwegian who was the last to be taken away from the island via the official ferry boat in 1954, Ellis Island weaves together the personal experiences of forgotten individuals with those who live on in history; Fiorello La Guardia, Lee Iacocca, and other American leaders whose paths led them to the Island for various reasons through the years. Award-winning journalist Ma ł gorzata Szajner draws on unpublished testimonies, memoirs, archival photographs, and correspondence from many internees and immigrants, including Russians, Italians, Jews, Japanese, Germans, and Poles. At the book's core is a trove of personal letters from immigrants to their loved ones back home--letters which were confiscated and never delivered, finally discovered in a basement in Warsaw. But also brought to life are the Ellis Island employees: the doctors, nurses, commissioners, interpreters, social care workers, and even chaperones, who controlled the fates of these é migr é s--often basing their decisions on pseudo-scientific ideas about race, gender, and disability. Sometimes families were broken up, and new arrivals were detained and quarantined for days, weeks, or even months. All told, the island compound spent longer as an interment camp than as a migration way-point--in addition to filling other roles through the years, including that of rescue station in the immediate aftermath of the 9/11 attacks. Now brought back to life by a master storyteller, this is a story of a place and its people, steeped in politics and history, that reshaped the United States.

Encountering Ellis Island lays bare the profound and sometimes-victorious story of people chasing the American Dream: leaving everything behind, facing a new language and a new culture, and starting a new American life.

Combining poetic and inquisitive text with a wide array of lavish images, a tour of Ellis Island shares the experiences of men and women who passed through its portals when immigrating to the United States. Original.

A century ago, in the shadow of the Statue of Liberty, one of the world's greatest public hospitals was built. Massive and modern, the hospital's twenty-two state-of-the-art buildings were crammed onto two small islands, man-made from the rock and dirt excavated during the building of the New York subway. As America's first line of defense against immigrant-borne disease, the hospital was where the germs of the world converged. The Ellis Island hospital was at once welcoming and foreboding—a fateful crossroad for hundreds of thousands of hopeful immigrants. Those nursed to health were allowed entry to America. Those deemed feeble of body or mind were deported. Three short decades after it opened, the Ellis Island hospital was all but abandoned. As America after World War I began shutting its border to all but a favored few, the hospital fell into disuse and decay, its medical wards left open only to the salt air of the New York Harbor. With many never-before-published photographs and compelling, sometimes heartbreaking stories of patients (a few of whom are still alive today) and medical staff, Forgotten Ellis Island is the first book about this extraordinary institution. It is a powerful tribute to the best and worst of America's dealings with its new citizens-to-be.

Looks at the history of Ellis Island and identifies its early roles as a Mohegan island, fisherman rest spot, famous immigration station, and today's museum.

Burdened with bundles and baskets, a million or more immigrant children passed through the often grim halls of Ellis Island. Having left behind their homes in Europe and other parts of the world, they made the voyage to America by steamer. Some came with parents or guardians. A few came as stowaways. But however they traveled, they found themselves a part of one of the grandest waves of human migration that the world has ever known. Children of Ellis Island explores this lost world and what it was like for an uprooted youngster at America ´ s golden door. Highlights include the experience of being a detained child at Ellis Island—the schooling and games, the pastimes and amusements, the friendships, and the uneasiness caused by language barriers.

Describes the experiences of immigrants who left their homes in the early 1900s and came to the United States through Ellis Island, in a book where the reader's choices reveal the historical details from three different perspectives.
